# CAMP JABULANI

*An Extraordinary African Experience*

Camp Jabulani is a luxury lodge offering extraordinary African experiences where visitors can combine a world-class photographic safari with the opportunity to interact with a herd of rescued elephants. Based in the heart of a private Big 5 reserve, guests can choose from a wide range of activities, including safari drives; bush walks; up-close elephant interactions; hot air ballooning; a behind-the-scenes visit to Hoedspruit Endangered Species Centre (Rescued Rhinos @ HESC); and a canyon helicopter ride.

Add to this the onsite spa and gym, and you have the ideal leisure experience. This intimate 5\* Relais & Chateaux lodge offers exceptional cuisine, combined with fine wines and a variety of dining venues both indoor and out. The 6 private suites are luxurious and comfortable, each with a deck and plunge pool overlooking a dry riverbed.

The opulent Presidential Villa accommodates families (children of all ages welcome), and small groups travelling together.

Camp Jabulani is renowned for service excellence, and every traveller to grace its door will instantly feel at home.
